Programming the Remote Volume Buttons

You can program the **VOLUME** and **MUTE** buttons on the Kaleidescape Remote to control the volume on your TV or other audio device.

- 1 Press and hold the **INFO** and **PAUSE** buttons at the same time. When the indicator light at the top of the remote begins blinking, release the buttons. The indicator light stays on. The Kaleidescape Remote is now in programming mode.

- 2 Place a remote that can already control the volume flat on a table with the Kaleidescape Remote 6 inches (15 cm) away.

- 3 The following steps have to be repeated for the **MUTE** button and both **VOLUME** buttons.
 - Check that the indicator light is still on. If it is off, repeat Step 1.
 - Press and release the button on the Kaleidescape Remote for the function you want to program.
 - Press and hold the button for the same function on the remote that can already control the volume for two seconds.
 - The indicator light on the Kaleidescape Remote blinks twice to indicate success. If the indicator light blinks four times, try again.
- 4 When finished, press the **OK** button on the Kaleidescape Remote. The indicator light blinks twice to confirm programming is complete.
